We would like to share a thought with Mr. Prodi;

Cementing relationships takes a good builder.

Sound constructions need solid foundations before work can start. The architects of the European Union know that only certain countries have the right credentials for entry. In Turkey we have been actively establishing brave democratic and economic reforms. We can add muscle to the EU by helping to build strong relationships. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. One of our football teams was the UEFA champion. Ten million Europeans chose to holiday in our country last year. We are a cornerstone of NATO. We have had a constitutional tradition since 1876 and a multiparty democracy since 1946. Now we are a politically stable, young, dynamic and culturally rich country ready to make a real contribution to European peace and prosperity. We acknowledge that we still have more to do, but there is a wide national consensus about them and we are moving forward.

Don't miss the historic opportunity in Copenhagen to open the way for Turkey.

Herr Dr. Schüssel, ein Sprichwort sagt bei uns;

Man kann eine Pflanze nicht ausreißen, um zu sehen ob sie wächst.

Wenn man immer nur die Wurzeln untersucht, kann nichts wachsen. Wir sind uns bewusst, dass es diejenigen gibt, die gegen den EU-Beitritt der Türkei Einwände haben, und wir verstehen deren Zweifel. Alles was wir je verlangt haben, ist ein Zeitpunkt, um über die Türkei von heute und ihre positiven Veränderungen zu diskutieren. Wir sind überzeugt, dass unsere Stärke auch die der EU steigern wird. Als kulturell reiches, mutiges, junges und demokratisches Land können wir die europäische Kultur bereichern und mithelfen, dass sie wächst. In vielerlei Hinsicht sind wir bereits anerkannt. Als einziges Nicht-EU-Mitgliedsland sind wir der Zollunion beigetreten. Wir sind Mitglied des Europarates, der Organisation für Wirtschaftliche Zusammenarbeit und ein Eckpfeiler der NATO. Wir haben eine konstitutionelle Tradition seit 1876 und eine Mehrparteiendemokratie seit 1946. Die Türkei stellte den UEFA Cup Sieger 2000 und zehn Millionen Europäer wählten unser Land im vergangenen Jahr als Urlaubsziel. Heute sind wir ein politisch stabiles und dynamisches Land, das bereit ist, einen echten Beitrag zu Frieden und Wohlstand zu leisten. Wir räumen ein, dass es noch einiges zu tun gibt, aber wir können auf einen breiten, landesweiten Konsens bauen und wir machen klare Fortschritte.

Verpassen Sie nicht die historische Chance in Kopenhagen, der Türkei die Türen zur EU zu öffnen.

We would like to share a thought with Mr. Schussel;

Don't pull up the plant to see if it's growing.

If you keep examining the roots, nothing grows. We are aware that there are those who object to Turkey's accession to the EU and we understand their doubts. All Turkey has ever asked for is a date to discuss the Turkey of today and how it has changed. We have always believed that our strengths will enhance those of the EU. As a culturally rich, brave, young and democratic country, we can enrich the European culture and help grow it. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. Mr. Verhofstadt ;

Uw steun is de rots waarop wij bouwen.

Om een goede, solide relatie uit te bouwen zijn er sterke funderingen nodig. De steun die u Turkije in Kopenhagen kan verlenen zal ons land een stap verder brengen. Wij zijn klaar om te praten over de dag dat we onze bijdrage aan de Europese Unie kunnen leveren. Door ons in Kopenhagen te steunen maakt u de juiste keuze. Het is een belangrijke beslissing, waar de voordelen voor beide partijen snel duidelijk zullen worden. Ergens voelen we ons immers al een deel van Europa. Op zoveel verschillende manieren zijn we ook al aanvaard. We zijn het enige land zonder EU-lidmaatschap dat het verdrag van de Douane-Unie ondertekende. We zetelen in de Raad van Europa en zijn lid van de Organisatie van Economische Samenwerking en Ontwikkeling. We maken deel uit van de NAVO. Ons voetbalteam won zelfs de UEFA beker en het voorbije jaar brachten 10 miljoen Europeanen hun vakantie in Turkije door. In 1876 bouwden we aan een grondwettelijke traditie en sinds 1946 leven we in een democratie met een meerpartijensysteem. Nu we een politiek stabiel, jong, dynamisch en cultureel rijk land zijn, willen we ons inspannen voor de Europese vrede en welvaart. Uiteraard hebben we nog werk aan de winkel, maar er is een belangrijke nationale consensus over wat en hoe we die zaken gaan aanpakken, en we boeken steeds meer vooruitgang.

Wat we willen zeggen: mis het historische moment niet om in Kopenhagen de deur voor Turkije te openen.

Your support is the rock we can build on.

Solid and lasting relationships are built on firm foundations and your support of Turkey in Copenhagen will help to take our country forwards to a new dimension. We know we are ready for that next step, a date to discuss our entry to the EU. It is the right decision and both sides will reap the benefits. Il y a une pensée que nous aimerions partager avec M. Verhofstadt ;

Votre soutien est la pierre à partir de laquelle nous pouvons construire.

Des relations solides et durables sont construites sur des fondations résistantes, et votre soutien à la Turquie à Copenhague aidera notre pays à avancer et à prendre une nouvelle dimension. Nous savons que nous sommes prêts pour ce pas en avant : une date pour discuter de notre entrée dans l'UE. C'est la bonne décision et les deux côtés en récolteront les bénéfices. Nous nous sentons déjà comme faisant partie de l'Europe et en nous supportant à Copenhague soyez certain de prendre la bonne décision. Nous sommes déjà acceptés et ce de différentes façons. Nous sommes le seul pays à avoir signé l'Union Douanière sans l'adhésion de l'UE. Nous avons déjà siégé au Conseil de l'Europe. Nous sommes membre de l'Organisation de Coopération et de Développement Economiques. Notre équipe de football a été championne de l'UEFA. Dix millions d'européens ont choisi notre pays comme destination de vacances l'année passée. Nous sommes une pierre angulaire de l'OTAN. Nous avons une tradition constitutionnelle depuis 1876 et une démocratie pluripartite depuis 1946. Maintenant nous sommes un pays politiquement stable, jeune, dynamique et culturellement riche, prêt à apporter une vraie contribution à la paix et à la prospérité de l'Europe. Nous reconnaissons que nous avons encore beaucoup à faire, mais nous avons un large consensus national et nous sommes en train d'avancer.

Alors à Copenhague, ne ratez pas l'occasion historique d'ouvrir la voie à la Turquie.

Ajattelemisen aihetta pääministeri Lipposelle;

Kova tahto vie läpi harmaan kivenkin

Unelmaa ei voi toteuttaa, jos ei ensin uneksi. Tähän tarvitaan vain tahdonvoimaa. Olemme aina uskoneet vahvuuksiemme lujittavan Euroopan unionia. Maallamme on ollut unelma, ja olemme tehneet kovasti työtä sen toteuttamiseksi. Turkki tarvitsee tukeasi Kööpenhaminassa - tämä avaa meille tien tuoda uusia arvoja ja ideoita Euroopan unioniin. Monin tavoin meidät on jo hyväksytty. Olemme ainoa maa, joka on liittynyt tulliliittoon ilman EU-jäsenyyttä. Olemme jo mukana Euroopan neuvostossa. Olemme OECD:n (Taloudellisen yhteistyö- ja kehitysjärjestön) jäseniä. Jalkapallojoukkueemme on UEFA-mestari. Kymmenen miljoonaa eurooppalaista lomaili maassamme viime vuonna. Olemme yksi NATOn kulmakivistä. Meillä on ollut perustuslaki vuodesta 1876 ja olemme olleet monipuoluedemokratia vuodesta 1946 lähtien. Olemme nyt poliittisesti vakaa, nuori, dynaaminen ja kulttuuriltaan rikas maa, joka on valmis antamaan vahvan panoksen Euroopan rauhan ja hyvinvoinnin edistämiseen. Myönnämme, että meillä on vielä paljon tehtävää, mutta tarvittavista toimista vallitsee laaja kansallinen yksimielisyys ja etenemme koko ajan.

Älä ohita tätä historiallista tilaisuutta avata tietä Turkille Kööpenhaminassa.

We would like to share a thought with Mr. Lipponen;

Where there's a will there's a way.

You have to have a dream to make a dream come true, it just takes willpower. We have always believed that our strengths will enhance those of the European Union. As a country with a dream, we have been busy making it reality. Turkey needs your support in Copenhagen, this will open the way for us to bring new values and ideas to the European Union. Nous sommes d'accord avec vous, Monsieur Chirac:

Liberté, Egalité, Fraternité*.

Liberté, égalité, fraternité : la Turquie porte dans son cœur les mêmes valeurs que la France. Mais porter ces valeurs ne nous suffit pas. Au cours de notre histoire, nous avons adopté des réformes politiques et économiques qui justifient notre présente candidature à l'Union Européenne. A bien des égards, nous sommes un bon candidat. Nous sommes le seul pays à avoir ratifié l'Union Douanière, sans pourtant faire partie de l'Union Européenne. Nous siégeons au Conseil de l'Europe et sommes membre de l'OCDE. Notre équipe de football a gagné la coupe de l'UEFA. Dix millions d'européens ont choisi de passer leurs vacances dans notre pays l'année dernière. Nous sommes un pilier de l'OTAN. Nous avons une tradition constitutionnelle depuis 1876 et nous connaissons une démocratie multipartite depuis 1946. Aujourd'hui, nous sommes un pays politiquement stable, jeune, dynamique, et d'une grande richesse culturelle. Nous sommes prêts à apporter une vraie contribution à la paix et la prospérité européenne. Conscient qu'il peut toujours mieux faire, notre pays s'engage à poursuivre ses efforts pour aller de l'avant.

Ne manquez pas l'opportunité historique que vous aurez à Copenhague d'accueillir la Turquie.

What applies in France is also true in Turkey; freedom, equality, and brotherhood, values we hold close to our hearts, but we cannot afford to stop there. Was wir Herrn Schröder noch mit auf den Weg geben möchten:

Wahre Freunde erkennt man, wenn man sie braucht.

Zu wissen, auf wen man in schwierigen Zeiten zählen kann, ist außerordentlich wichtig. Indem Sie in Kopenhagen für die Türkei eintreten, beweisen Sie uns Ihr Vertrauen. Wir werden es nicht enttäuschen. Wir sind überzeugt, dass uns die demokratischen und wirtschaftlichen Fortschritte, die wir erzielt haben und noch erzielen werden, zu einem würdigen Beitrittskandidaten machen. Viele von uns haben in Ihrem Land eine Heimat gefunden, was unsere Aufgeschlossenheit für Ihre Werte beweist. In vieler Hinsicht sind wir bereits integriert. Wir sind das einzige Land, das auch ohne EU-Mitgliedschaft der Zollunion beigetreten ist. Wir sitzen schon heute im Europarat. Wir sind Mitglied der Organisation für wirtschaftliche Zusammenarbeit und Entwicklung. Eine unserer Fußballmannschaften hat den UEFA-Cup gewonnen. Letztes Jahr haben zehn Millionen Europäer in unserem Land Urlaub gemacht. Wir sind ein Eckpfeiler der NATO. Wir haben seit 1876 eine parlamentarische Verfassung und seit 1946 ein demokratisches Mehrparteiensystem. Heute sind wir ein politisch stabiles, junges und dynamisches Land mit großer kultureller Vielfalt, das bereitsteht, einen echten Beitrag zu Frieden und Wohlstand in Europa zu leisten. Wir wissen, dass wir noch mehr tun müssen - über diese Notwendigkeit besteht ein breiter landesweiter Konsens und wir machen rasche Fortschritte.

We would like to share a thought with Mr. Simitis;

Neighbours today, partners tomorrow.

We have existed as neighbours since time began, we have had our differences over the years but there has never been a better time to cement our new relationship. We want to be your partner so let us bury the past and move towards unity. We know our membership of the EU will seal our fate and take us to a new level of prosperity. We have established brave democratic and economic reforms so now it's time to work together. In many ways we are already together. We would like to share a thought with Mr. Ahern;

Acceptance is the first step to accession.

Last year ten million Europeans chose to holiday in Turkey, this year the European Union must decide if it will take the first step towards our accession into the EU. It's not if we join the EU, but when we join that's important. We know we are ready now, because the Turkey of today is a dynamic, sound democracy with a rich cultural heritage, just the place to enjoy all the values you expect to find elsewhere in Europe. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. Ci piacerebbe condividere un nostro pensiero col Presidente Berlusconi;

Se grandi menti la pensano allo stesso modo, allora speriamo che anche altri la pensino come Lei.

Sappiamo che comprendete la nostra causa e che è di vitale importanza che tutti i membri di un'Unione la pensino allo stesso modo, per questo confidiamo nel vostro appoggio quando si discuterà il nostro futuro. Sappiamo che i profondi cambiamenti democratici ed economici da noi realizzati ci fanno considerare pronti a diventare membri dell'Unione. Per molti aspetti, siamo già accettati. Siamo il solo paese che abbia aderito all'Unione Doganale pur senza essere membro della UE. Siamo già presenti nel Consiglio d'Europa e membri dell'Organizzazione per la Cooperazione e lo Sviluppo Economico. Una nostra squadra di calcio ha vinto la Coppa Uefa. L'anno scorso, dieci milioni di europei hanno scelto di trascorrere le vacanze da noi. Facciamo parte integrante della Nato. Abbiamo una tradizione costituzionale sin dal 1876 e una democrazia pluripartitica sin dal 1946. Oggi siamo una nazione giovane, dinamica, stabile politicamente e ricca culturalmente, pronta a dare un effettivo contributo alla pace e alla prosperità europea. Riconosciamo di avere ancora molta strada da percorrere, ma abbiamo un ampio consenso di popolo e vogliamo andare avanti.

A Copenaghen, non perdete la storica opportunità di aprire la strada alla Turchia.

Gostaríamos de partilhar uma opinião com o Dr. Barroso;

Ser plural torna-o singular.

Ao aceitar alguém, está a demonstrar a sua abertura, a sua capacidade para aceitar a mudança. Somos agora um país estável e credível que sente poder representar um papel importante na natureza multicultural de uma Europa em crescimento. Temos vindo a melhorar as nossas credenciais e a corrigir ideias erradas sobre o nosso país. Já somos aceites de muitas formas. Somos o único país que assinou o Acordo de Fronteiras sem ser membro da UE. Já temos assento no Conselho da Europa. Somos membros da Organização para a Cooperação e Desenvolvimento Económico. A nossa equipa de futebol foi campeã da UEFA. No último ano, dez milhões de europeus escolheram passar férias no nosso país. Somos um dos pilares da NATO. Temos uma democracia constitucional desde 1876 e experiência como democracia multipartidária desde 1946. Agora somos um país politicamente estável, jovem, dinâmico e culturalmente rico, pronto a dar um verdadeiro contributo para a paz e prosperidade europeias. Reconhecemos que ainda há muito para fazer, mas existe um amplo consenso nacional quanto a isso e estamos a avançar

Em Copenhaga, não perca a oportunidade histórica de abrir o caminho à Turquia.

We would like to share a thought with Mr. Barroso;

Being inclusive makes you exclusive.

When you include someone, you demonstrate your openness, your readiness to embrace change. We are now a stable and credible country which feels it can play an important role in the multicultural nature of a growing Europe. We have been busy enhancing our credentials and correcting misconceptions about our country. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. One of our football teams was the UEFA champion. Ten million Europeans chose to holiday in our country last year. We are a cornerstone of NATO. We have had a constitutional tradition since 1876 and a multiparty democracy since 1946. Now we are a politically stable, young, dynamic and culturally rich country ready to make a real contribution to European peace and prosperity. We acknowledge that we still have more to do, but there is a wide national consensus about them and we are moving forward.

Don't miss the historic opportunity in Copenhagen to open the way for Turkey.

Nos gustaría compartir un pensamiento con el Sr. Aznar

Sólo los líderes con visión amplían los horizontes

El liderazgo es un don con el que pocas personas nacen y va acompañado de la habilidad de ver más allá. Significa tomar las decisiones con las que otros temen comprometerse, significa tener la capacidad de decir sí, cuando otros se sienten inseguros. En Copenhague, Turquía necesitará la visión de personas así. Personas que vean un futuro en el que nuestro país sea un miembro más de la Unión Europea. Nuestra juventud y dinamismo, nuestros cambios económicos y democráticos, pero sobre todo un país que está preparado. Ya hemos sido aceptados de muchas formas. Somos el único país que firmó la Unión Aduanera sin ser miembro de la Unión Europea. Somos miembros del Consejo de Europa. Somos miembros de la Organización para la Cooperación y el Desarrollo. Económico. Nuestro equipo de fútbol fue campeón de la UEFA. Diez millones de europeos decidieron pasar las vacaciones en nuestro país el año pasado. Somos una piedra angular de la OTAN. Tenemos una tradición constitucional desde 1876 y una democracia multipartidista desde 1946. En la actualidad somos un país estable políticamente y rico culturalmente, preparado para efectuar una contribución real a la paz y a la prosperidad europeas. Reconocemos que todavía queda mucho que hacer, pero hay un amplio consenso nacional al respecto y estamos avanzando.

En Copenhague, no pierda la oportunidad histórica de abrirle el camino a Turquía.

We would like to share a thought with Mr. Aznar;

Visionary leaders have wide horizons.

Leadership is a gift few people are born with and it comes with the ability to see beyond. It means making decisions others are afraid to commit to, it means having the ability to say yes, when others are unsure. Turkey needs your vision in Copenhagen to see a future with us as a member. Our youth and dynamism, our economic and democratic changes, but most of all a country that is ready. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. Vi vill dela en tanke med Göran Persson:

Vi ä rado för toppen.

Europa behöver en stark laguppställning för att leva upp till sina egna och omvärldens förväntningar. För att vara ett tillskott till det laget krävs en stark ekonomi, en sund demokrati och en stabil politik. Det är Turkiet idag, och vi tror att vi har mycket mer att tillföra de övriga medlemsländerna. Vi vet att vi är rätt partner för färden uppåt. I många avseenden är vi redan med. Vi är det enda landet som har skrivit under EU:s tullunion utan att vara medlem i EU. Vi är medlem av både Europarådet och OECD. Ett av våra fotbollslag har varit UEFA-mästare. Tio miljoner européer valde att fira sin semester i vårt land under förra året. Vi är en hörnsten i NATO. Vår konstitutionella tradition stammar från 1876, och vårt demokratiska flerpartisystem från 1946. Idag är vi ett politiskt stabilt och kulturellt rikt land, redo att aktivt bidra till europeisk fred och välgång. Vi medger att mycket återstår, men vi har en bred folklig uppslutning bakom oss och vi gör framsteg.

Missa inte det historiska tillfället i Köpenhamn; öppna dörren för Turkiet.

We would like to share a thought with Mr. Persson;

We are ready for the top.

Europe needs the right team to overcome the challenges the world poses. It takes a strong economy, a sound democracy, and strong policies to help enrich that team. Turkey today has all those and more, and we believe our strengths will enhance those of the member countries. We know we are the right partner for the EU to climb ever upward with. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development.

Dit willen we meneer Balkenende graag even meegeven.

Ga voor Europa, kies voor Turkije

Als je ergens in gelooft, dan handel je daarnaar. Kies voor Europa en laat Turkije deelnemen. Deze kans mogen we niet voorbij laten gaan. Wij weten dat we klaar zijn voor de EU. Is de EU klaar om te profiteren van ons progressief, democratisch land met z'n rijkdom aan cultuur? De vraag is niet óf we mee gaan doen aan de Europese Unie, maar wanneer. In vele opzichten zijn we al geaccepteerd. Turkije is het enige land dat de Douane-unie heeft ondertekend zonder lid te zijn van de EU. We hebben al zitting in de Raad van Europa. En we zijn lid van de Organisatie voor Economische Samenwerking en Ontwikkeling. Ons voetbalteam heeft al een keer de UEFA Cup gewonnen. Tien miljoen Europeanen kwamen vorig jaar bij ons vakantie vieren. We zijn een steunpilaar van de NAVO. We hebben een constitutionele traditie sinds 1876 een democratisch meer partijenstelsel sinds 1946.Vandaag de dag zijn we een politiek stabiel, dynamisch land dat klaar is om een waardevolle bijdrage te leveren aan de vrede en welvaart in Europa. We beseffen dat we nog een aantal zaken moeten veranderen. Maar hiervoor bestaat een breed draagvlak onder de bevolking en we blijven vooruitgaan.

Laat in Kopenhagen de historische kans niet onbenut om de deur open te zetten voor Turkije.

We would like to share a thought with Mr. Balkanende;

Stand out in Europe, stand up for Turkey.

When you believe in something implicitly you stand up for it. Stand out in Europe, vote Turkey in. It is an opportunity we both cannot afford to let slip. We know we are ready for the EU, is the EU ready to benefit from this forward thinking, democratic, young and culturally rich country? It's not if we join the European Union, it's when we join that's important. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We would like to share a thought with Mr. Blair;

The only way to have a friend, is to be one.

This time of year is a time of friendship and togetherness, so what better moment for Turkey to share it's future than at the European conference table in Copenhagen? Turkey has changed, we have established brave democratic and economic reforms, the EU should know their friends now. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. The advertisements included in this brochure were prepared
as part of a EU-wide campaign.

Due to existing national norms, in the following countries,
(Belgium, Finland, France, Germany, Luxembourg, Netherlands, Portugal and Spain)
the Prime Ministers or Presidents could not be featured in the campaign.

In those countries the “EU as plant” advert was used.

Die Europäische Union ist wie eine Pflanze. Je mehr man sie pflegt, desto stärker wird sie. Die Türkei hat die umfassende Agenda im demokratiepolitischen und wirtschaftlichen Bereich vollständig umgesetzt. Wir haben den Großteil der notwendigen Gesetzesänderungen durchgeführt und die Rahmenbedingungen geschaffen, damit nun Taten folgen können. In vielerlei Hinsicht sind wir bereits akzeptiert. Als einziges Land sind wir der Zollunion beigetreten, ohne EU-Mitglied zu sein. Wir sind Mitglied des Europarates, der Organisation für Wirtschaftliche Zusammenarbeit und ein Eckpfeiler der NATO. Wir haben eine konstitutionelle Tradition seit 1876 und eine Mehrparteiendemokratie seit 1946. Die Türkei stellte den UEFA Cup Sieger 2000 und zehn Millionen Europäer wählen unser Land jährlich als Urlaubsziel. Heute sind wir ein politisch stabiles, junges, dynamisches und ein kulturell reiches Land, das bereit ist, einen echten Beitrag zu Frieden und Wohlstand zu leisten. Wir räumen ein, dass es noch einiges zu tun gibt, aber wir können auf einen breiten, landesweiten Konsens bauen und wir machen klare Fortschritte.

Verpassen Sie nicht die historische Chance in Kopenhagen, der Türkei die Türen zur EU zu öffnen.

De Europese Unie is als een plant die beter groeit omdat hij goed gecultiveerd en gekoesterd wordt. Turkije heeft net een stevige democratische en economische agenda afgewerkt. We voldoen aan alle noodzakelijke wetgevingen en kunnen overgaan tot de praktische fase. Op zoveel verschillende manieren zijn we ook al aanvaard. We zijn het enige land zonder EU-lidmaatschap dat het verdrag van de Douane-Unie ondertekende. We zetelen in de Raad van Europa en zijn lid van de Organisatie van Economische Samenwerking en Ontwikkeling. We maken deel uit van de NAVO. Ons voetbalteam won zelfs de UEFA beker en het voorbije jaar brachten 10 miljoen Europeanen hun vakantie in Turkije door. In 1876 bouwden we aan een grondwettelijke traditie en sinds 1946 leven we in een democratie met een meerpartijensysteem. Nu we een politiek stabiel, jong, dynamisch en cultureel rijk land zijn, willen we ons inspannen voor de Europese vrede en welvaart. Uiteraard hebben we nog werk aan de winkel, maar er is een belangrijke nationale consensus over wat en hoe we die zaken gaan aanpakken, en we boeken steeds meer vooruitgang.

ΟΤΑΝ ΦΡΟΝΤΙΖΕΙΣ ΚΑΤΙ, ΤΟ ΒΟΗΘΑΣ ΝΑ ΑΝΑΠΤΥΧΘΕΙ...

ΑΝΑΛΑΒΕΤΕ ΔΡΑΣΗ ΤΩΡΑ ΚΑΙ ΤΑ ΑΠΟΤΕΛΕΣΜΑΤΑ ΘΑ ΣΑΣ ΕΚΠΛΗΞΟΥΝ.

Η Ευρωπαϊκή Ένωση μοιάζει μ' ένα φυτό: όσο το φροντίζεις τόσο δυνατότερο γίνεται. Η Τουρκία διαθέτει πλέον μία ολοκληρωμένη ατζέντα σχετικά με θέματα δημοκρατίας και οικονομίας. Έχουμε ψηφίσει τα περισσότερα από τα απαιτούμενα νομοθετικά διατάγματα που θα δημιουργήσουν το κατάλληλο κλίμα για την ανάπτυξη δράσης. Από πολλές απόψεις, έχουμε ήδη γίνει δεκτοί. Είμαστε η μοναδική χώρα που υπογράψαμε για την Τελωνειακή Ένωση των Ευρωπαϊκών χωρών, χωρίς να έχουμε την ιδιότητα του κράτους μέλους. Ήδη συμμετέχουμε στο Συμβούλιο της Ευρώπης. Είμαστε μέλη του Οργανισμού Οικονομικής Συνεργασίας και Ανάπτυξης. Μία ποδοσφαιρική μας ομάδα υπήρξε κάτοχος του Ευρωπαϊκού Κυπέλλου UEFA. Τον περασμένο χρόνο, δέκα εκατομμύρια Ευρωπαίοι επέλεξαν τη χώρα μας ως προορισμό των διακοπών τους. Είμαστε ένας από στους θεμέλιους λίθους του NATO. Έχουμε σύνταγμα από το 1876 και πολυκομματική δημοκρατία από το 1946. Σήμερα, είμαστε ένα νέο, δυναμικό κράτος με πολιτική σταθερότητα και πλούσια πολιτιστική παράδοση, πρόθυμο να συμβάλλει αποφασιστικά στην ευρωπαϊκή ειρήνη και ευημερία. Γνωρίζουμε ότι υπάρχουν ακόμα πολλά πράγματα που πρέπει να κάνουμε, ωστόσο υπάρχει εθνική ομοφωνία και προχωρούμε μπροστά.

L'Unione europea è come una pianta: cresce più forte perché viene coltivata. La Turchia ha compiuto un intero percorso democratico ed economico. Abbiamo approvato tutte le leggi necessarie a creare lo scenario adatto. Sotto vari aspetti, siamo già accettati. Siamo il solo paese che abbia aderito all'Unione Doganale pur senza essere membro della Ue. Siamo già presenti nel Consiglio d'Europa e membri dell'Organizzazione per la cooperazione e lo sviluppo economico. Una nostra squadra di calcio ha vinto la Coppa Uefa. L'anno scorso, dieci milioni di europei hanno scelto di trascorrere le vacanze da noi. Facciamo parte integrante della Nato. Abbiamo una tradizione costituzionale sin dal 1876 e una democrazia pluripartitica sin dal 1946. Oggi siamo una nazione giovane, dinamica, stabile politicamente e ricca culturalmente, pronta a dare un effettivo contributo alla pace e alla prosperità europea. Riconosciamo di avere ancora molta strada da percorrere, ma abbiamo un ampio consenso di popolo e vogliamo andare avanti.

A Copenaghen, non perdete la storica opportunità di aprire la strada alla Turchia.

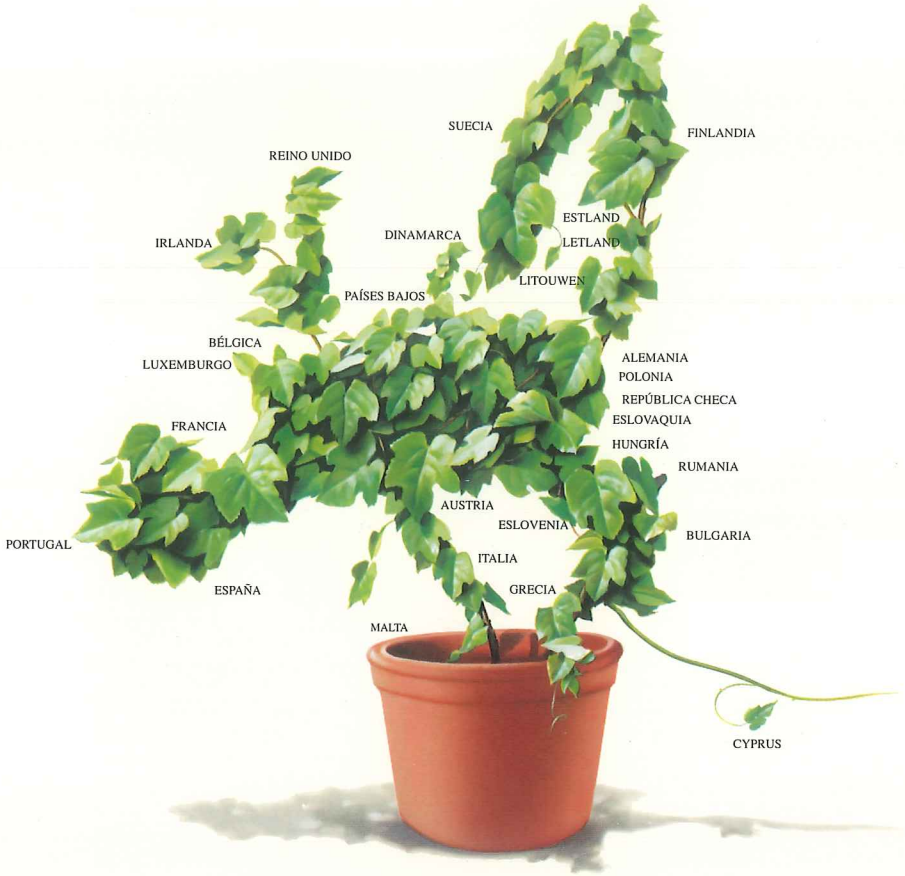
CUANDO CULTIVAMOS ALGO LO AYUDAMOS A CRECER ...



ACTÚE AHORA Y LOS RESULTADOS LE SORPRENDERÁN.

La Unión Europea es como una planta, si la cultivas crece más vigorosa. Turquía ha llegado a su plenitud democrática y económica. Hemos aprobado la mayoría de las legislaciones necesarias para crear el entorno para que comience la acción. Ya hemos sido aceptados de muchas formas. Somos el único país que ha firmado la Unión Aduanera sin ser miembro de la Unión Europea. Somos miembros del Consejo de Europa. Somos miembros de la Organización para la Cooperación y el Desarrollo Económico. Nuestro equipo de fútbol fue campeón de la UEFA. Diez millones de europeos decidieron pasar las vacaciones en nuestro país el año pasado. Somos una piedra angular de la OTAN. Tenemos una tradición constitucional desde 1876 y una democracia multipartidista desde 1946. En la actualidad somos un país políticamente estable, joven, dinámico y culturalmente rico, preparado para efectuar una contribución real a la paz y la prosperidad europeas. Reconocemos que queda mucho por hacer, pero hay un amplio consenso nacional al respecto y estamos avanzando.

En Copenhague, no pierda la oportunidad histórica de abrirle el camino a Turquía.

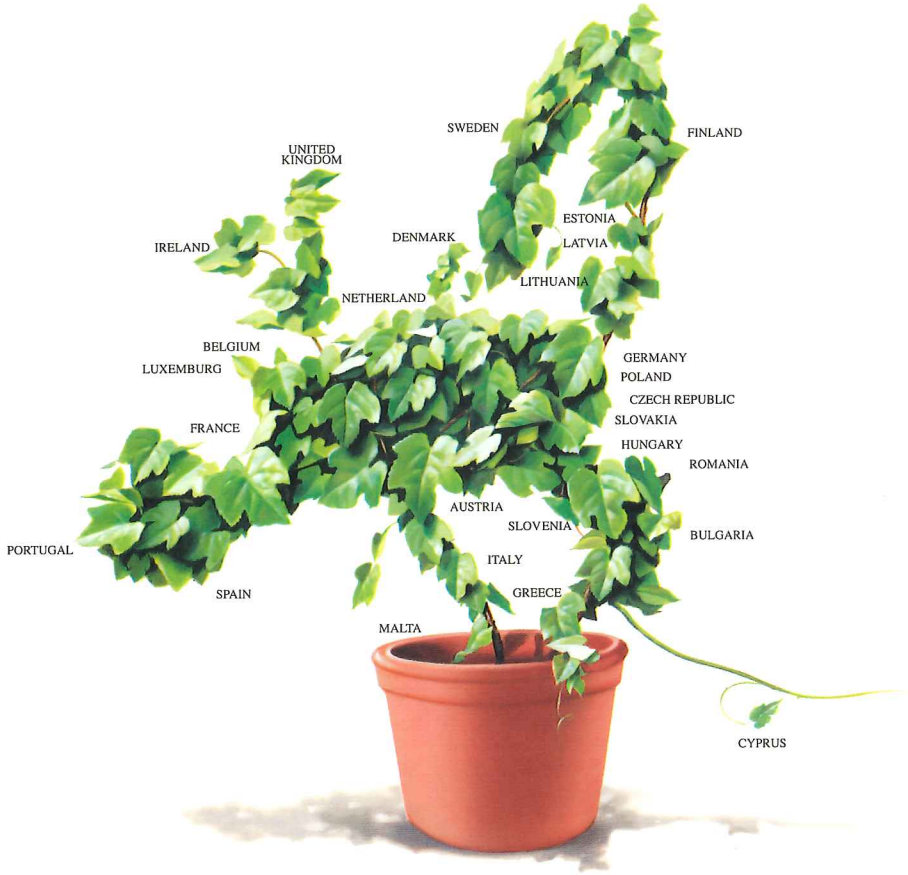
NÄR DU PLANTERAR NÅGOT GER DU DET HJÄLP ATT VÄXA.



AGERA NU, OCH LÅT RESULTATEN FÖRVÅNA DIG.

Den Europeiska Unionen är som en planta, den växer om du ger den näring. Turkiet har nu genomgått en omfattande demokratisering och ekonomisk sanering. Vi har lagt grunden med en lagstiftning som skapar en grogrund för framtiden. I många avseenden är vi redan accepterade. Vi är det enda landet som har skrivit under EU:s tullunion utan att vara medlem i EU. Vi är medlem av både Europarådet och OECD. Ett av våra fotbollslag har varit UEFA-mästare. Vi är en hörnsten i NATO. Vår konstitutionella tradition stammar från 1876, och vårt demokratiska flerpartisystem från 1946. Idag är vi ett stabilt, ungt, dynamiskt och kulturellt rikt land, som är redo att bidra till europeisk fred och välgång. Vi medger att mycket återstår, men vi har en bred folklig uppslutning bakom oss och vi gör framsteg.

Missa inte det historiska tillfället i Köpenhamn; öppna dörren för Turkiet.

ALS IETS JE VEEL WAARD IS, DAN WIL JE DAT HET GROEIT....

KIES NU VOOR EEN SCHITTEREND RESULTAAT

De Europese Unie is net een plant: met de juiste verzorging wordt hij groter en sterker. Turkije heeft inmiddels een duidelijk democratisch en economisch beleid. Ook op het gebied van wetgeving is aan bijna alle voorwaarden voldaan om de volgende stap te zetten. In vele opzichten zijn we al geaccepteerd. Turkije is het enige land dat de Douane-unie heeft ondertekend zonder lid te zijn van de EU. We hebben al zitting in de Raad van Europa. En we zijn lid van de Organisatie voor Economische Samenwerking en Ontwikkeling. Ons voetbalteam heeft al een keer de UEFA Cup gewonnen. Tien miljoen Europeanen kwamen vorig jaar bij ons vakantie vieren. We zijn een steunpilaar van de NAVO. We hebben een constitutionele traditie sinds 1876 een democratisch meer partijenstelsel sinds 1946. Vandaag de dag zijn we een politiek stabiel, dynamisch land met een grote culturele rijkdom. Een land dat klaar is om een waardevolle bijdrage te leveren aan de vrede en welvaart in Europa. We beseffen dat we nog een aantal zaken moeten veranderen. Maar hiervoor bestaat een breed draagvlak onder de bevolking en we blijven vooruitgaan.

Benut in Kopenhagen de unieke kans om de deur open te zetten voor Turkije. Zodat we met z'n allen kunnen bloeien.

WHEN YOU CULTIVATE SOMETHING, YOU HELP IT GROW...

ACT NOW, AND THE RESULTS WILL SURPRISE YOU.

The European Union is like a plant, it grows stronger through cultivation. Turkey has now accomplished a comprehensive democratic and economic agenda. We have passed most of the necessary legislations to create the environment for action to begin. In many ways we are already accepted. We are the only country who signed the Customs Union without EU membership. We already sit on the Council of Europe. We are a member of the Organisation for Economic Cooperation and Development. One of our football teams was the UEFA champion. Ten million Europeans chose to holiday in our country last year. We are a cornerstone of NATO. We have had a constitutional tradition since 1876 and a multiparty democracy since 1946. Now we are a politically stable, young, dynamic, and culturally rich country ready to make a real contribution to European peace and prosperity. We acknowledge that we still have more to do, but there is a wide national consensus about them and we are moving forward.

Don't miss the historic opportunity in Copenhagen to open the way for Turkey.
